

VUTEK DIGITAL INKJET SOLUTIONS

## EFI VUTEK GS3250r

The Quality of Wide Format.  
The Speed of Superwide.  
The Economics Only from EFI Digital UV.

The EFI™ VUTEK® GS3250r replaces superwide solvent printers and multiple wide-format printers with 3.2-meter UV roll-to-roll productivity and true 1000 dpi print capability for the production of high-margin, closely viewed applications. Profit from increased production speeds and lower costs on a wide range of substrates and applications. And with EFI digital economics, you get the best ROI and hourly break-even in the industry with a monthly payback that can be achieved with less than one hour of run time per day<sup>1</sup>.

### True 1000 DPI Print Capability

- Replace your older superwide solvent printers with six-color, true 1000 dpi print capability for high-margin, closely viewed applications.
- Stay ahead in any application – from near photographic replacement to high-quality indoor and outdoor applications – with dual resolution of true 600 dpi or true 1000 dpi.

### 3.2 Meter UV Roll-to-Roll Productivity

- Capture higher-volume, premium-margin jobs with high quality output up to 1200 ft<sup>2</sup>/hr (111 m<sup>2</sup>/hr), and profit from a 37% reduction in cost per square foot<sup>2</sup>.
- Corner the distant viewed market with outdoor output up to 1800 ft<sup>2</sup>/hr (167 m<sup>2</sup>/hr) while earning a 12% reduction in cost per square foot over wide format printers<sup>3</sup>.
- Run multiple jobs at once with multi-queue functionality available right at the user interface.
- Enable continuous shifts with its rugged, industrial design that makes it suitable for 24/7 operation.

### Digital Economics

- Add capability with automated double-sided printing for simple and accurate registration.
- Receive audit information on every print job with new bi-directional communication between the Fiery® XF RIP and VUTEK system.
- Seamlessly integrate to EFI Web-to-Print and MIS/ERP solutions via native JDF connectivity.

### Printed Output Covered by the 3M™ MCS™ Warranty

- Increase your application and substrate range with flexible co-branded EFI and 3M™ Premium UV ink.
- Warrant printed output with the 3M™ MCS™ Warranty when using co-branded EFI and 3M™ UV inks and printing on 3M™ flexible media<sup>4</sup>.

## EFI VUTEk GS3250r

### Features and Specifications

- Dual resolution of true 600 dpi (24pL) or 1000 dpi (12 pL)
- High Definition Print (HDP)
- Six colors
- Standard multi-queue functionality
- Automated double-sided printing capability available as an option
- Flexible, co-branded EFI and 3M Premium UV Ink

### Media/Handling

- Handles flexible substrates up to 126.5 inches (3.2 meters) wide and up to .125" (3.2 mm) thick (thickness range: .031" - .125")
- Multiple-roll capability – up to two 60" rolls

### Productivity

- Six-color, 1000 dpi high-quality up to 1200 ft<sup>2</sup> (111 m<sup>2</sup>) per hour
- Six-color, 600 dpi distant viewed quality up to 2400 ft<sup>2</sup> (167 m<sup>2</sup>) per hour

### Environmental Considerations

- Compressed Air: 95-150 psi maximum at 4 cf/m – dry air only (not included)
- Fully enclosed design for operator safety and environmental considerations
- Temperature: 68° F to 80° F (20° C to 30° C)
- Humidity: 30% to 80% (non condensing)
- Machine Weight: 6700 lbs. (3039 kg)
- Height: 69" (175 cm)
- Width: 232" (589 cm)
- Depth: 66" (168 cm)
- Electrical: 50-60hz 3-Phase, 70 amps, 208 or 440-480 AC

### EFI Fiery XF RIP

- Optimized for use with the EFI Fiery® XF RIP
- Bi-directional communication capability between the Fiery XF RIP and VUTEk printer allows back communication of audit information on every print job
- Advanced, easy-to-use, wizard-guided color tools for consistent, predictable, high-quality color
- Powerful production tools like nesting, step and repeat, scaling, cropping, and tiling
- Advanced ICC color management for reliable color, quality output and proofing-quality color
- Scalable, versatile platform grows with your needs as your business grows
- Seamless printer integration to EFI Web-to-Print and MIS Solutions with native JDF connectivity
- Three-day, on-site installation and implementation services to optimize color and workflow now available

### EFI VUTEk GSr 3M™ Premium UV Ink

- Supplied in 5.0-liter containers
- Flexible inks are water-resistant, fade-resistant, contain virtually no volatile organic compounds (VOCs), are media-independent, fast-drying and reduce production time
- Available in cyan, magenta, yellow, black, light cyan, light magenta
- 15-month shelf life

### Enhanced Service Program (ESP)

- EFI's industry-leading service and support program
- Predictable up-time to maximize profitability
- Thirteen months of Essential level coverage, providing you with 24-business hour (three-business day) response
- Eligible for upgrade to:
  - Critical – Providing eight-business hour (one-business day) response
  - ProActive – Providing 16-business hour (two-business day) response
- Add the flexible, 12-month XFPlus Maintenance and Support plan for targeted response and resolution times and free upgrades for your Fiery XF RIP

1. Calculated based on 18 days a month, a three year loan with a 5% interest rate.

2,3. Calculated based on 18 days a month, a three year loan with a 5% interest rate, 40% utilization and an annual operator salary of 35,000 USD.

4. The 3M™ MCS™ Warranty backs graphics printed with 3M™ co-branded ink and select 3M™ flexible media, and printed and applied according to 3M™ Product and Instruction Bulletins. See [www.3Mgraphics.com/warranties](http://www.3Mgraphics.com/warranties) for details.

Nothing herein should be construed as a warranty in addition to the express warranty statements provided with EFI products and services.
